GREY COLLEGE SECONDARY

A SOUTH AFRICAN PARALLEL MEDIUM
SCHOOL FOR BOYS

Grey Academy & Distant Learning Pledge form:

Grey College in Bloemfontein has a proud heritage and has since it's origins 161 years ago produced leaders in life. Ranging from entrepreneurs, academia, sportsmen and fine citizenry these Old Greys have made the world a better place...one at a time

Now the Grey Academy aims to foster this very same blue print for learners in disadvantaged schools. The strategy in the last eleven years has been to identify top learners in these schools, integrate them in the Grey system on four different occasions per year and thus lift their standards, education, knowledge and experience.

The distance learning model, which utilises the latest e-technology has brought the Academy a massive footprint that now enables it to “speak” to so many more schools and learners.

The outcome: a more secure learning experience that solidifies the learners chances of being able to take the next step in a tertiary institution, something that would not have been a possibility without the inputs of Grey College and the Academy!

You can help grow this project by making a once off donation, monthly pledge or annual pledge.
